**ATTENDING UNIVERSITY IN CANADA?
OMNICOM SCHOOL OF LANGUAGES CAN HELP!**

Have you thought about furthering your education by attending university in Canada? Congratulations! You have made a wise choice. With the high standards of Canadian colleges and universities and their stellar reputation among global employers, Canada has become the destination of choice for many international students as a means of opening the door to more possibilities in a highly competitive job market. However, in order to be admitted to the Canadian education system, international students have to meet very strict requirements, one being proficiency in English. Canadian colleges and universities rely on tests such as **TOEFL** (Test of English as a Foreign Language) and **IELTS** (International English Language Testing System) to ensure that incoming students who do not have English as their first language are able to meet the demands of their programs. Unfortunately, many prospective students have difficulty passing these tests, leaving them to abandon their dreams of a Canadian education.

Established in 1974, **OMNICOM School of Languages** in Toronto (www.omnicomstudy.com) is one of the oldest and most successful language school in Canada and can assist you in realizing your dreams of attending post-secondary school. Having recently partnered with Algoma University (experience.algomau.ca) in Ontario, Canada, means that **OMNICOM** students who have successfully completed academic ESL (English as a Second Language) courses at **OMNICOM School of Languages** are eligible to register for one of the many full-time programs offered by Algoma University, providing they have met Algoma U's academic requirements.

Consider **OMNICOM School of Languages** where students always come first. Not only will we help you successfully pass the language tests required by any college or university (TOEFL or IELTS), but we will assist you with the application process to ensure that your transition to higher education is as smooth as possible. **OMNICOM School of Languages** is also an official ETS Authorized TOEFL iBT (Internet-based test) Center and, unlike many other language schools, we are officially recognized by Canadian Immigration authorities.

Education is the key to success in this highly competitive knowledge-based society, and **OMNICOM School of Languages** and **Algoma University** are ideally positioned to help you build upon the tools you need to succeed. Learn about **OMNICOM's** unique winter ESL packages at www.omnicomstudy.com. For information on Algoma University's admission requirements, visit www.algomau.ca/international .
